ZEPPELIN TORPEDO FAILED TO EXPLODE

After a bombardment.

This photograph shows the type of huge, ugly torpedoes that the Zeppelins project upon the enemy in their sowing bombardment of trenches, woodlands where companies have sought hiding places and protection, and upon clumps of foliage that perchance mask enemy batteries.

SMALLEST STATE ON MEXICAN LINE

On the Mexican Side is the Most Densely Populated of Them All.

Like most of the Mexican states, the wealth of Nuevo Leon is largely in its

(SPECIAL TO THE TELEGRAM) WASHINGTON, July 7.—Nuevo Leon, the smallest but most densely populated of the Mexican border states, is the subject of today's war geography bulletin issued by the National Geographic Society in Washington.

"Of all the frontier states to be patrolled by our national guard, Nuevo Leon will present the least difficult from a strictly 'border' point of view," says the bulletin, "for less than twenty miles of this political division of extremely irregular outline touches the Rio Grande. It is almost completely enclosed by the adjoining border states of Tamaulipas and Coahuila. For a distance of 125 miles, however, it is separated from the border only by a narrow strip of Tamaulipas, varying in width from ten to thirty miles.

"Nuevo Leon is only about one-fourth as large as the state of Chihuahua, but it has nine-tenths as many people. Compared with American commonwealths, it is about half as large as Mississippi, with a population equal to that of Utah.

Unfavorable Impression. "The northern and northeastern section of Nuevo Leon, the portion of the state with which the American border patrol will become familiar, gives an unfavorable impression for the land is hot, dry and low. Further south, however, the Sierra Madre range, extending through the state for 150 miles at an average elevation of more than 5,000 feet, changes the character of the climate making it so temperate and equable that some of the towns are popular health resorts for invalids from the United States.

"There are twelve rivers in the state, none of which is navigable. The Salado, in the northern section, is famous for its fish and fine pearl oysters.

Fertile Valleys. "The valleys on the eastern slopes of the mountains are extremely fertile, producing many cereals and large crops of sugar-cane, together with fruits and vegetables raised for the early spring market in American cities. Cattle-raising is one of chief industries of the state, large herds of sheep, goats and beef cattle finding excellent pasturage on the plateau.

When you wear Double Grip PARIS GARTERS your socks are held securely at two places 25 and 50 cents

Looking for the name PARIS on the back of the shield takes but a moment, but it's worth a good deal to you.

Be Careful in Using Soap on Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mul-sified coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Misery in Back, Headache and Pain in Limbs.

Dear Mr. Editor—For more than a year I suffered with misery in the back, dull headache, pain in the limbs, was somewhat constipated and slept poorly at night until I was about ready to collapse. Seeing an account of the wonderful qualities of "Anuric," prepared by Doctor Pierce, of Buffalo, N. Y., I sent for a box, and before using the whole box I felt and still feel improved. My sleep is refreshing, misery reduced, and life is not the drag it was before. I most cheerfully recommend this remedy to sufferers from like ailments. Yours truly, W. A. ROBERTS.

NOTE: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists of Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "Anuric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing Tablet, Dr. Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

I know of one or two leading druggists in town who have managed to procure a supply of "Anuric" for their anxious customers in and around this locality. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

EDITOR—Please insert this letter in some conspicuous place in your paper.

mines, the principal mineral products being lead, zinc and silver.

"The state is well supplied with railroads, two of the big trunk lines of the republic furnishing communication with Laredo, Eagle Pass, Mexico City, Tampico and Torreon. The northern border lies 135 miles in an airline below San Antonio, Texas, and the southern tip of the state is crossed by the Tropic of Cancer.

"Nuevo Leon is one of the few states of Mexico in which no remains of the Aztecs or earlier races of pre-historic times have been found.

"The capital and chief city of the state is Monterrey, which has won the sobriquet, the Chicago of Mexico, on account of its commercial activity and industrial importance."

The United States annually produces 500,000,000 chickens.

Two Feet of Comfort

ACIDS IN THE SYSTEM

Acids accumulating in the system in excess, poison the blood and cause a great variety of diseases, affecting the skin and other mucous surfaces, the heart and arteries, brain and general nervous system, joints and muscles. Some of these diseases are Rheumatism in its many forms, Catarrh, Eczema, Hives, itching and burning of the skin, dizziness, mental depression and a variety of other ailments. You must eliminate the acid from your system and purify your blood before you can be rid of your trouble. S. S. S. has been purifying and nourishing the blood for over half a century. It is also a very efficient tonic and being purely vegetable, it is the most efficient agent known in the cleansing of the blood and toning up of the system. Call for it at your druggists and don't accept a substitute. If special medical advice is desired write Medical Department 93, Swift Specific Co., Atlanta, Ga.

McCall's Patterns For August

Neatly and stylishly made, of splendid materials and moderate in price. What more could you ask? Just call at our ready-to-wear department tomorrow and have the salesladies show you these garments. If you are going away, you must have a pretty white Dress, and here they are, just the very garments you have been thinking of. All sizes from 16 years to 44 bust.

NEW AUGUST McCALLS PATTERNS ON SALE

We illustrate here a pretty sport Shirt which is a special favorite of the girl who enjoys golf, tennis or any of the out of door sports. This new waist can be easily made at home with one of our patterns, and the new shirtings we are showing are suitable for this model. Worn with a skirt of linen or rep, it makes a smart costume.

Big Opening of Ladies' Tailor Made Garments For Fall and Winter

For the Out-of-Door Girl
McCall Patterns Nos. 7287-7293, two of the many new designs for August

We announce our annual big opening of Ladies' Suits, Coats and Skirts for Fall and Winter Wear, on next Monday, July 10th. We will have with us Mr. E. W. Powell, representing Messrs. Strawbridge and Clothier, of Philadelphia, who comes to us with a large and complete line of the newest models of the season, and the most desirable fabrics. Now is the time to get your order placed for your needs this season because there is going to be a tremendous shortage on materials, and later we will not be able to make deliveries on many numbers being shown now. Let us have your order, and get it made up and ready for you early in October. You will not be compelled to take your garment before you need it, even if it is ready for you. Come in on Monday and take a look at the line, it will be an education.
